

Final Project Presentation Guidelines

Group: _____

Proposition: _____

You will present a proposition to the class as well as prepare a problem for them to work on after that uses that proposition (State the solution as well). You will be graded on your understanding of the proposition and your presentation skills.

You can use any format (Powerpoint, handouts, whiteboard) to present.
You will have 15 mins total.

Objectives

- Show evidence of higher-level thinking
- Show you have a rich understanding of your subject matter, with the ability to answer questions from your audience
- Ensure logical reasoning and conclusions
- Include complete and accurate information
- Engage your audience with rich content, enthusiasm, and eagerness to encourage them to want to learn more
- Devise ways to help the audience understand the content

Your presentation will be graded on

1. Attention to audience
2. Clarity
3. Content
4. Creativity
5. Presentation Length
6. Speaking Skills
